Introduction

The National Association for Retarded Children annually receives numerous requests for information regarding residential camps for the mentally retarded. In response to these requests we have prepared a comprehensive listing of residential camps for the mentally retarded throughout the United States.

The camps listed herein were identified through a questionnaire sent to State and local associations. Descriptive information about each camp was provided by State and local units. In no way does NARC wish to imply sponsorship of these camps.

Camps have been listed alphabetically according to their geographic location within each State. The following abbreviations have been used throughout this Directory to identify the types of children served.

Trainable Mentally Retarded	TMR
